

WebView

Created by HCS for
Hertfordshire Schools

<http://hcs.learnaboutwork.net>

WebView is an online booking system that lets students look and apply for work experience placements.

It also has a journey planner to help them plan the best route to their placement.

HCS has invested in this system to:

- Deliver a more efficient service to schools
- Give students more say in their choice of placements
- Improve communications with employers
- Keep up-to-date with other work experience providers in the country

INFORMATION FOR PARENTS

- Provides a real online job application experience for students – common practice with employers
- Supports parental involvement as placements can be viewed and discussed at home
- Wider geographic choice outside direct locality for students
- Early consent avoids future problems
- Placement sheets, information and leaflets available online

BENEFITS FOR STUDENTS

- Students have greater input in choosing their placements. The process helps develop key work-related skills through:
 - planning their journey
 - making decisions
 - evaluating the benefits versus risk in making their choices
 - thinking about what they want

BENEFITS FOR EMPLOYERS

- WebView makes the organisation of work experience easier for employers
- They can view their own placement information and advise HCS of any changes
- They can view which schools have booked with them
- They can view school contact details and emergency numbers (essential in event of incident or emergency)

DATA PROTECTION AND SECURITY

- WebView is not an open website
- Access controlled by user name and PIN
- Only school staff can see student details and PINs
- Employers can not view student names
- Reliable system that is backed up every night

welcome

The Herts Careers Services Work Related Learning Team work with employers and your teachers to provide you with opportunities to experience the world of work and enterprise. We organise around 12,500 placements a year and are the link between you, your school and businesses.

This system has been designed to help you look and apply for work, consider different ways of travelling to work and most of all experience work.

If you have any questions about Work Experience, please chat to your teachers.

Developed in partnership with Veryan Ltd and Netcel
